

NBR hell 60Sh FDA, Trinkwasser | G2007

product information

rev: Januar 2017

quality no : G2007
quality name : NBR hell 60Sh FDA, Trinkwasser
producer : WiCo Wichmann, Otto & Cie GmbH + Co. KG

description : medium-hard NBR quality, resistant oil and fats
drinking water quality, FDA conform

product

version : without inlayer
colour : white
surface : flat
underside : flat

technical data

material	:		NBR/NR
hardness	:	DIN ISO 7619-1	60±5° Shore A
volume weight	:		1,32 g/cm ³
tensile strength	:	DIN 53504	11 MPa
elongation of break	:	DIN 53504	500 %
working temprature range	:		-30 bis +80°C
drinking water	:	KTW 1.3.13 D2 (P627)	cold & hot water
food quality	:	BgVV XXI (BGA)	category 2

stabilities

oil : good resistant
petrol : not resistant
acids : resistant
bases : resistant
ozone : not resistant

notes

Our advice is given to the best of our knowledge, but only as a non-binding reference and does not exempt our own examination of the products supplied by us for their suitability for the intended procedures and purposes. The specified technical data are guide values, i.e. experience values from longer production periods. The processing of our products is beyond our control and is therefore exclusively within your area of responsibility. Of course, we guarantee the perfect quality of our products according to our general sales and delivery conditions. Due to raw material and production, as well as by external influences (temperature, humidity, etc.), the stated values can fluctuate by up to ± 25%
